## Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel was of the view that the public would remain suitably protected by the continuation of the following conditions:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

2. You must limit your nursing practice to one substantive employer. This cannot be an agency.
3. You must not be the nurse in charge on any shift.
4. You must ensure that you are supervised by a registered nurse at any time when you are working. Your supervision must consist of:
  - Working at all times on the same shift as, but not always directly observed by, a registered nurse.
5. You must meet with your line manager, supervisor or mentor monthly to discuss your clinical performance and conduct. You must obtain a report from your line manager, supervisor or mentor containing details and comments on the standard of your clinical performance and conduct. You must send your case officer the report, prior to each review.

- a) Any current or future employer.
- b) Any educational establishment.
- c) Any person (s) involved in your retraining and/or supervision required by these conditions.

Unless Miss James's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Miss James or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Miss James's case officer will write to her about this in due course.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Miss James. The NMC will keep Miss James informed of developments in relation to that issue.

This will be confirmed to Miss James in writing.

That concludes this determination.
